ATHENAEUM • Volume 162

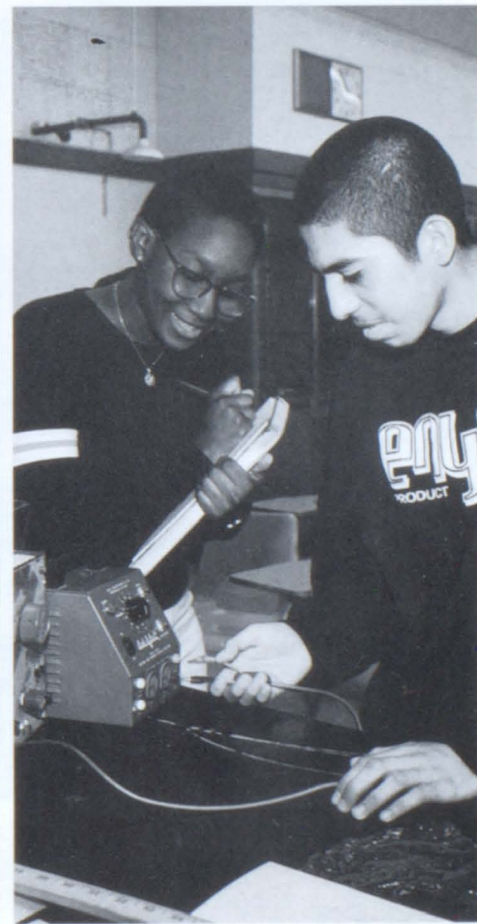

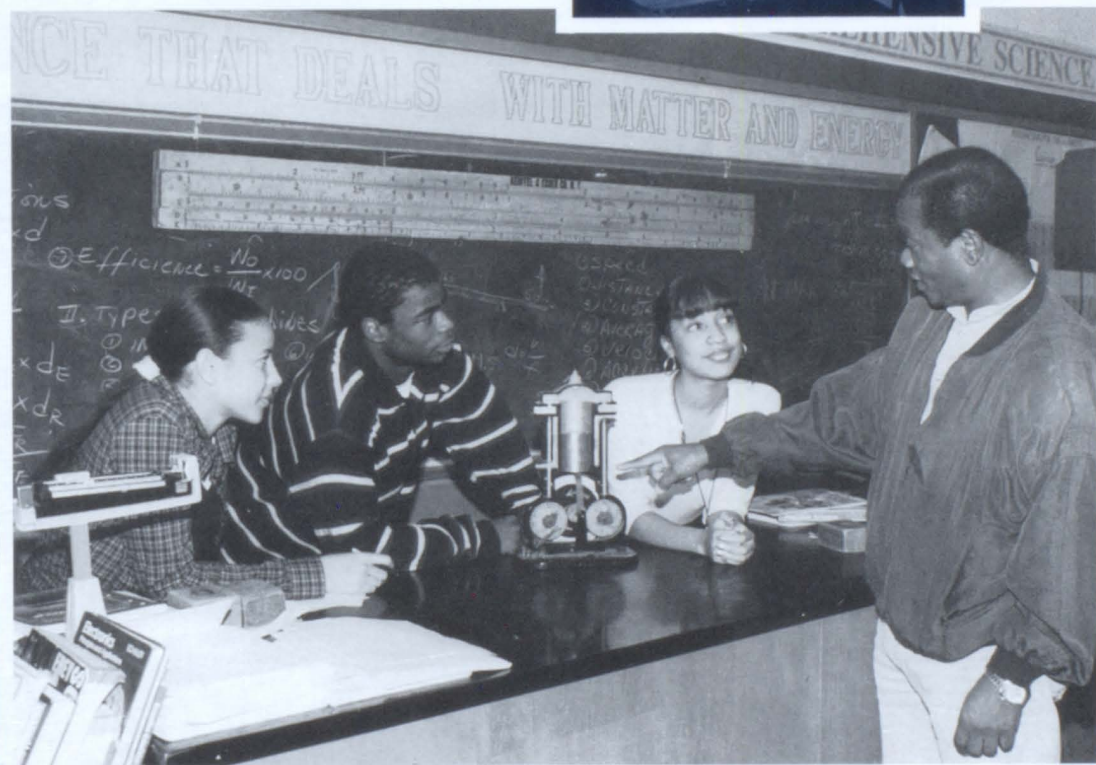

Breaking THROUGH THE MILLENNIUM

As we ended the year, a new millennium began. We carry with us this yearbook, our high school treasure, full of memories, color pictures, and reflections; including our best friends, and those who we hardly knew. It is a record of teachers, friends and others who helped us utilize our ability, intelligence, and education.

We must know where we stand, because the years ahead and the decisions we make will determine many future events. And these events will forecast how societies will change throughout the world.

Our memories of high school, and the many concepts we learned, helped us to move on to higher ground and break through the millennium. The world and technology are changing rapidly, and we must continue to acquire as much knowledge as we can in order to compete in this ever changing world.

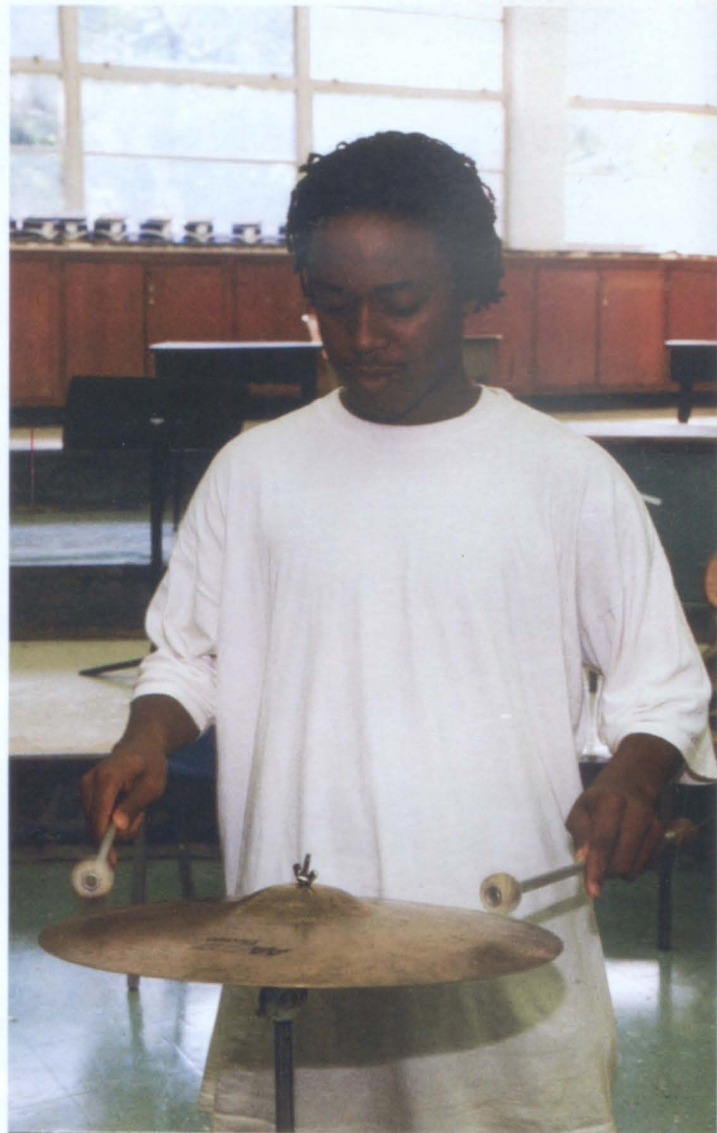

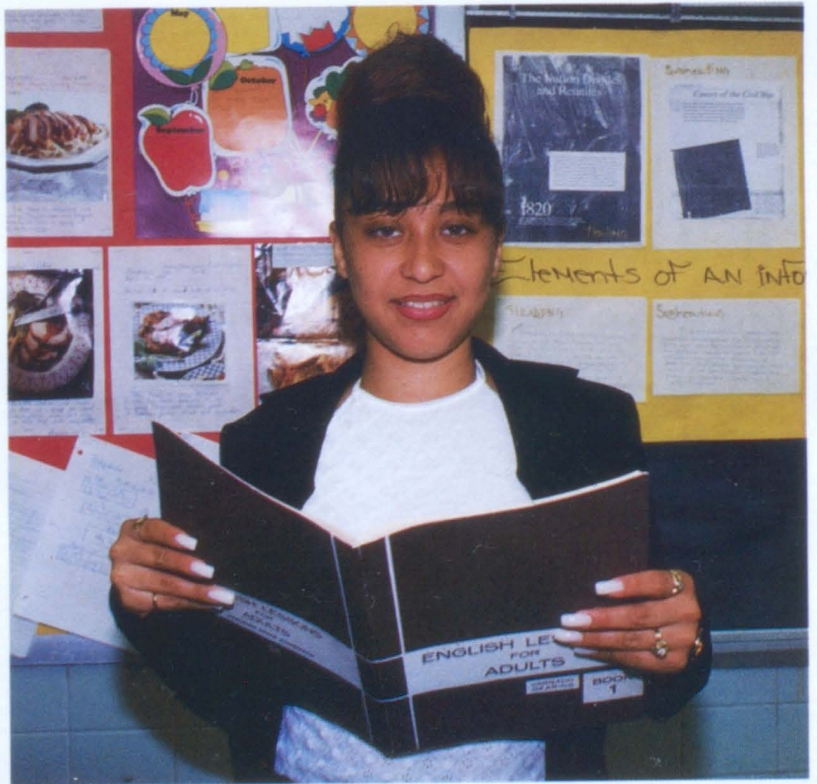

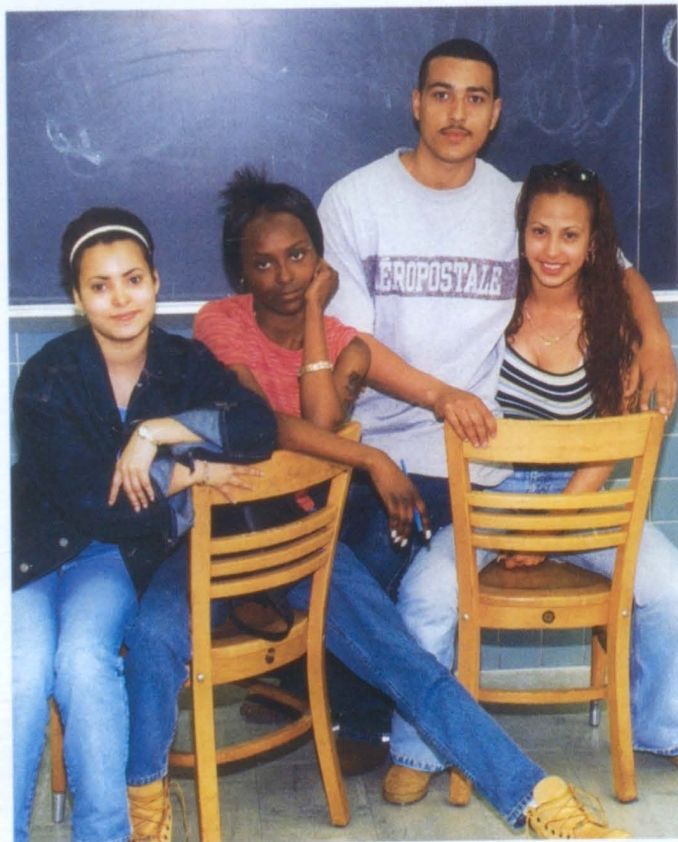

Breaking

THROUGH THE NIGHT

Every night we go to sleep and prepare ourselves for what will happen tomorrow, realizing that the laws of nature dictate that day becomes night, and night eventually reverts to day. We cannot skip what will take place in between. We understand that the decisions we make often flow from our sub conscious, and that we must be flexible in our thinking. We have to be wise about the actions we take, and the decisions we make.

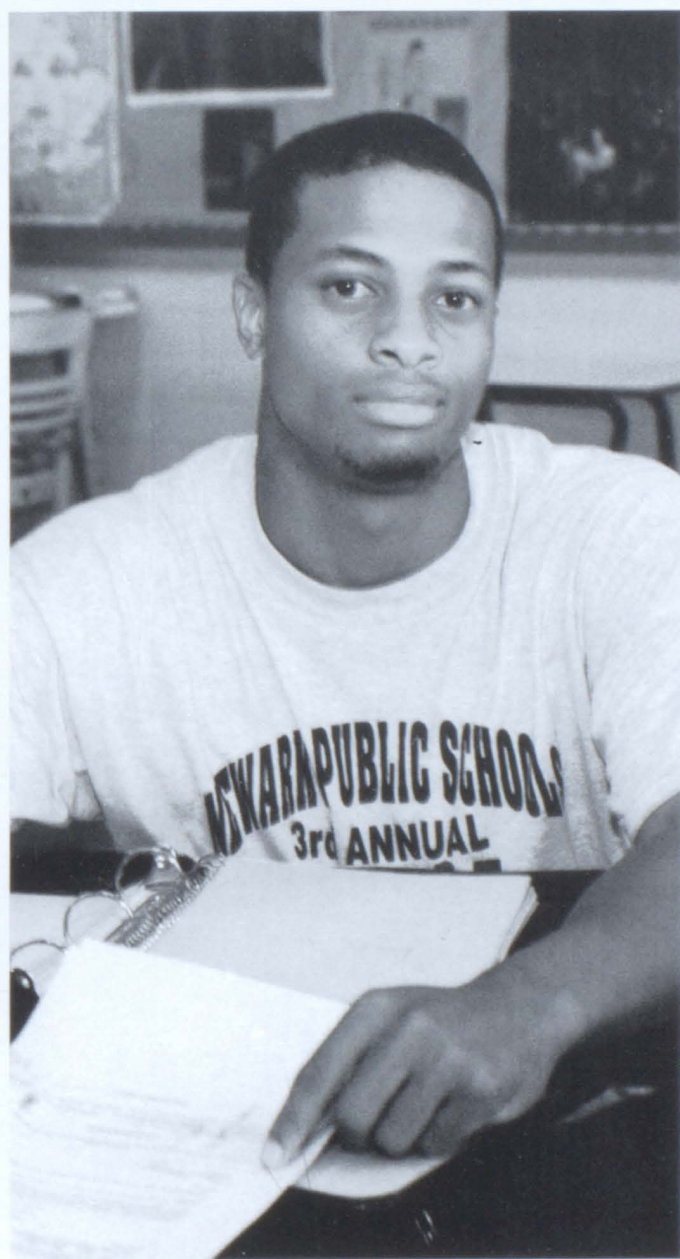

Breaking

THROUGH THE CHAPTER

We have just finished the third chapter of our lives. A story that opened with a young, naive child in elementary school, who grew to be a wise adult after completing the high school years. As those precious years end we will embark on a difficult road. A path that is full of decisions and conflicts. The choices we make now will determine how we will be in the years to come.

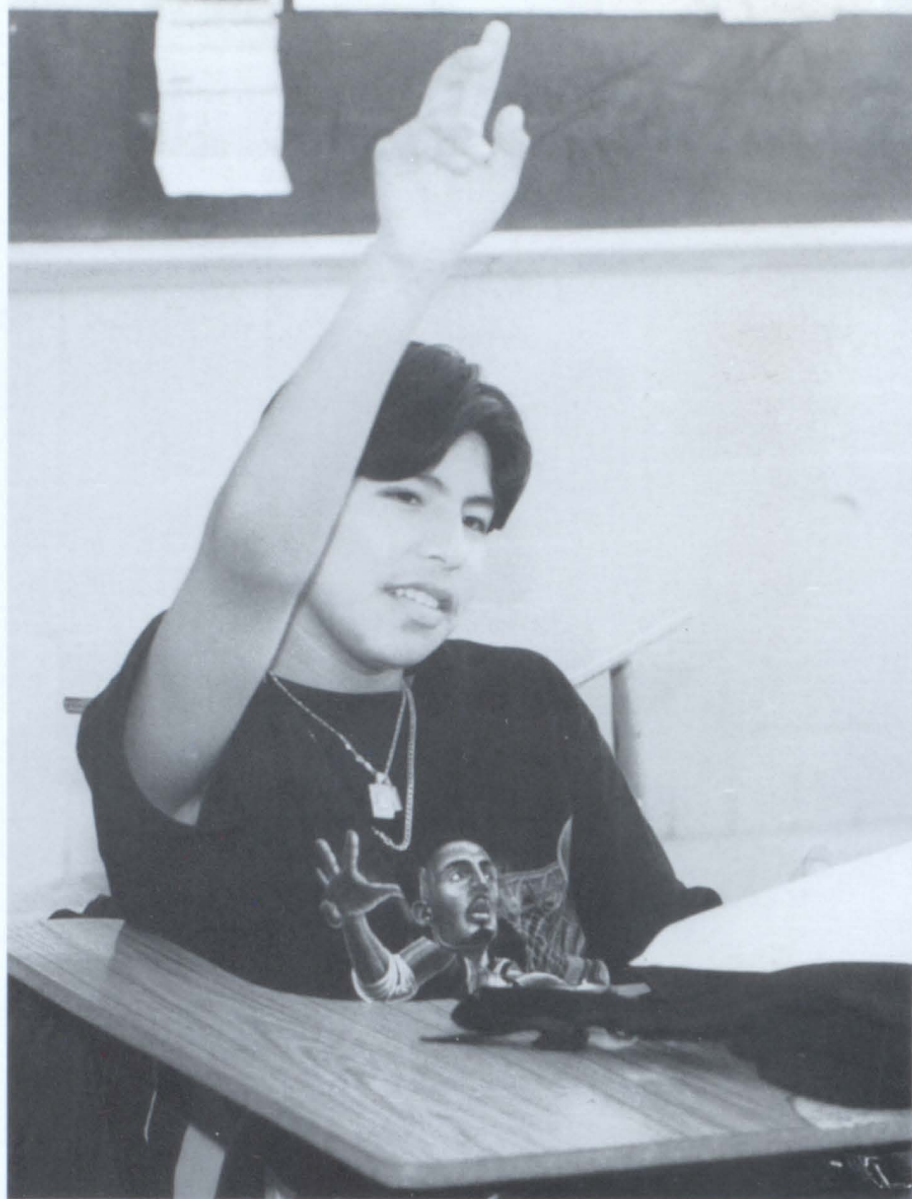

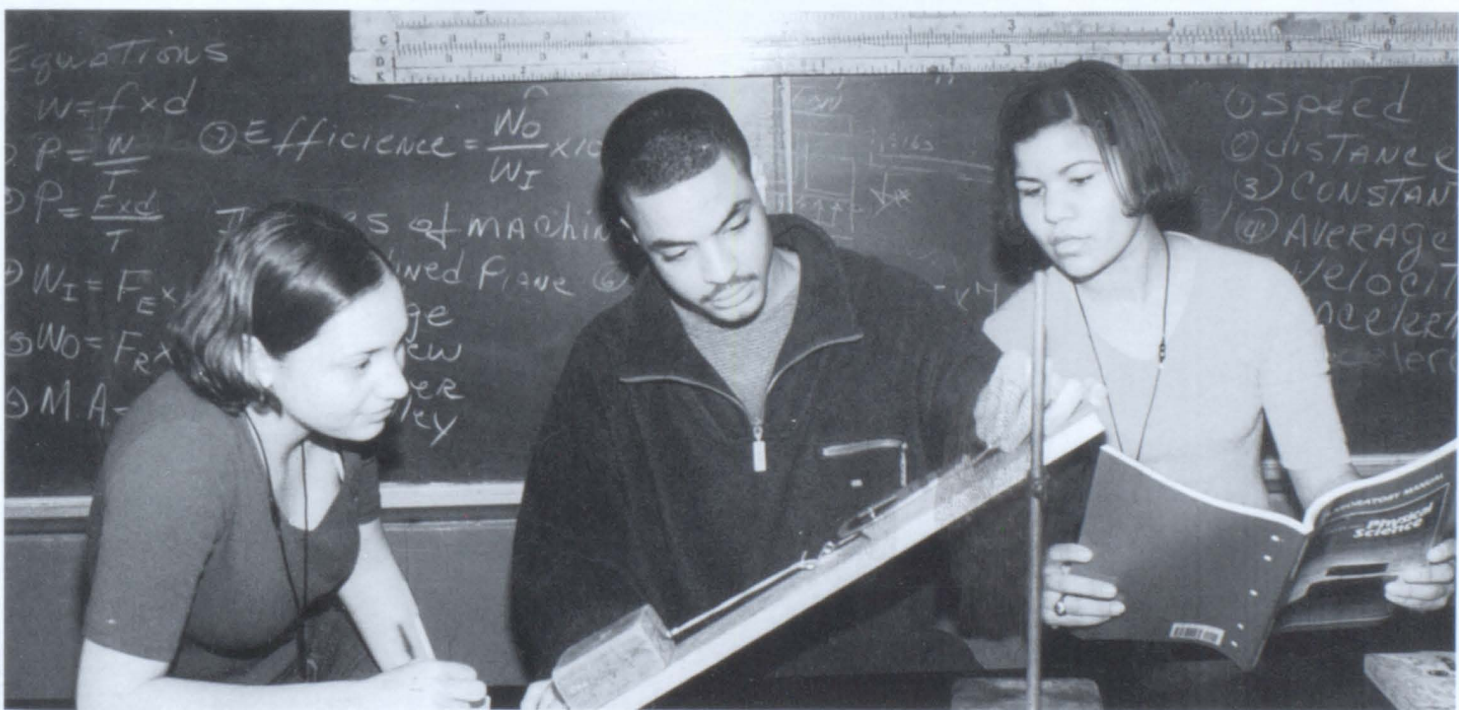

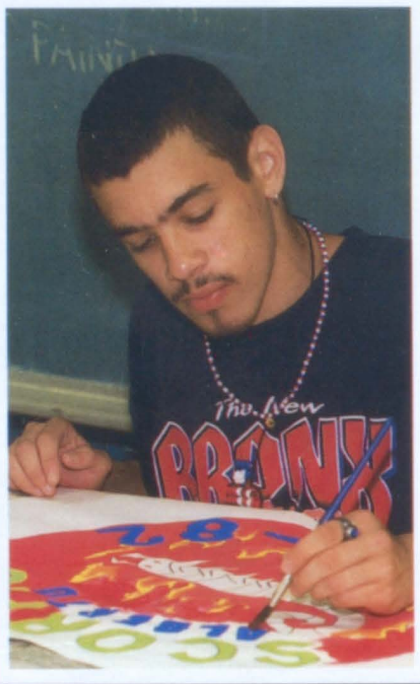

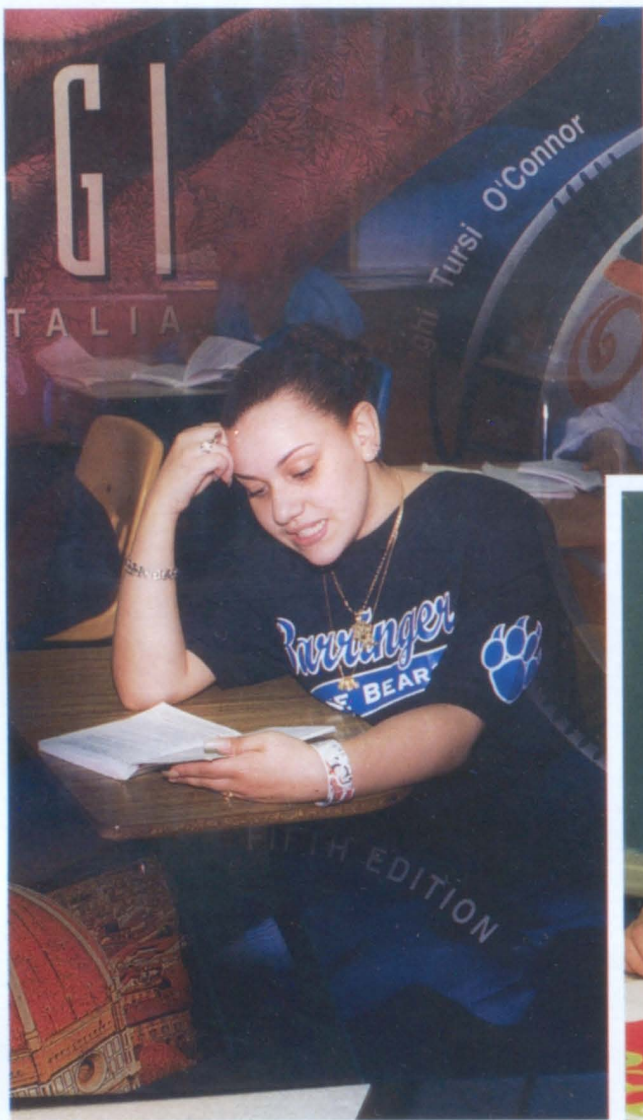

Breaking

Through The Legend

BARRINGER HIGH SCHOOL has maintained its rich traditions through many generations. Over the years, alumni have passed the schools history and legends down to others. Two thousand is a unique year, because it will mark us forever as Barringer Blue Bears.

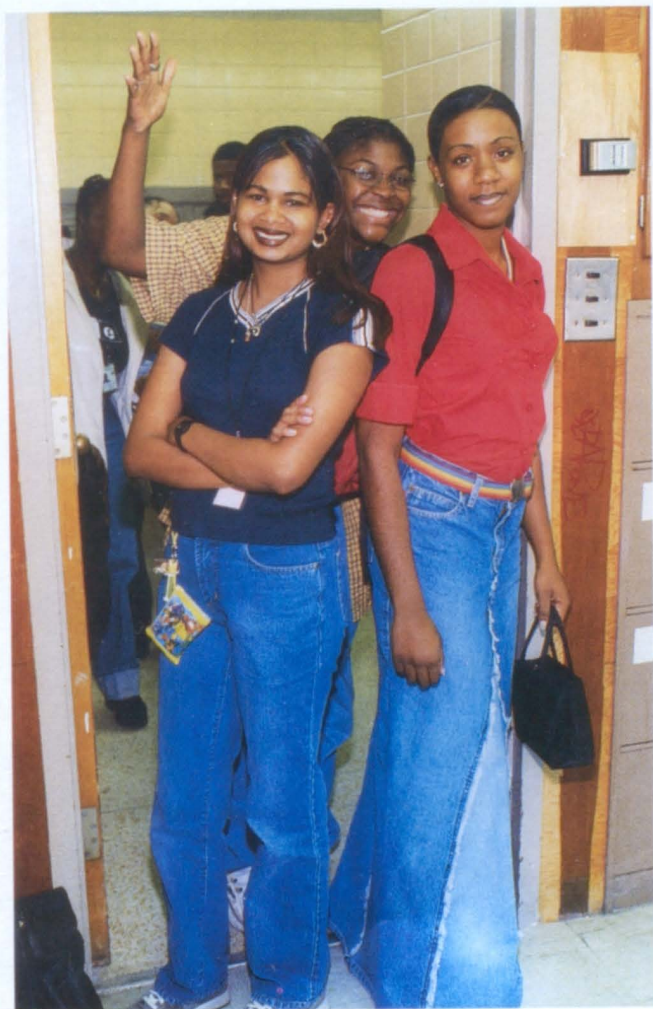

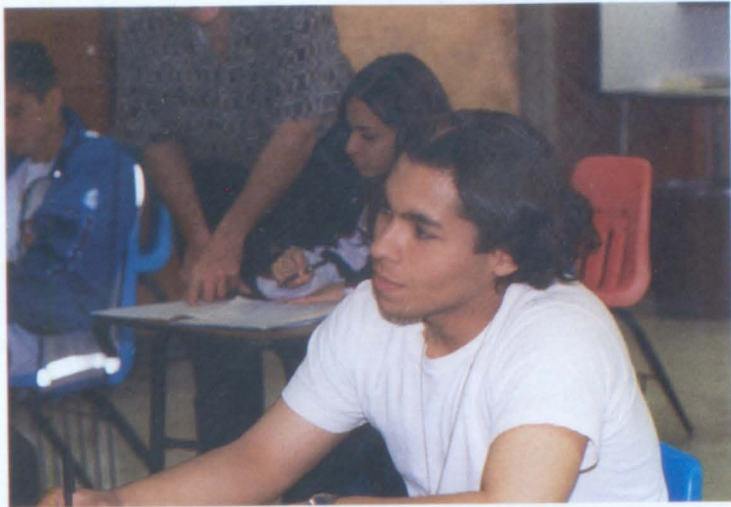

Breaking THROUGH D O O R S

We have shut all the smaller doors, and forged through the large door. This portal will not just lead us to a new beginning, but also to a path that will be selected by decisions which determine our future.

By breaking through this barrier, we have left Barringer High School knowing that graduation was not an ending, but instead, it marked the beginning of a whole new maturation process in our life.

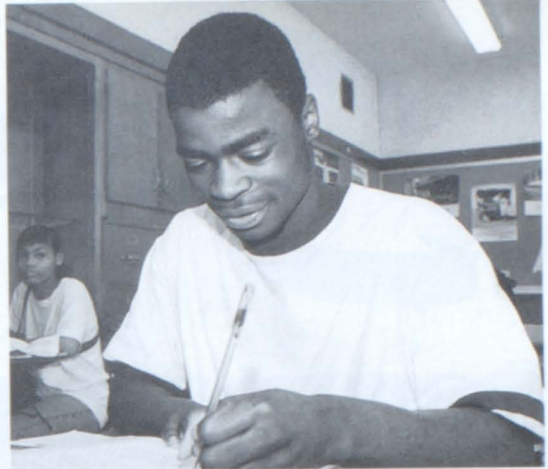

Breaking THROUGH TECHNOLOGY

Technology will drastically alter our future. Every year we advanced in our knowledge of the world, but changes in technology moved even faster. As the class of the millennium, it is in our hands to either try to keep up with these changes, or let it leave us behind. As graduates, we should become part of those who end up making it possible to live on the moon, or travel to space.

Technology will improve our quality of life. For example, we have TV's, microwaves, cars, computers, and other items that didn't exist in the last century, but today make our life easier. As we make the best choices for our future, we must remember that to succeed in a changing world we must keep informed of the advances that technology brings.

The class of 2000 has the opportunity to improve the technology we now enjoy. By accepting and embracing technology this first class of the new millennium will move closer to accomplishing their goals.

Angel pauses to smile before heading to class.

What! You got the answer.

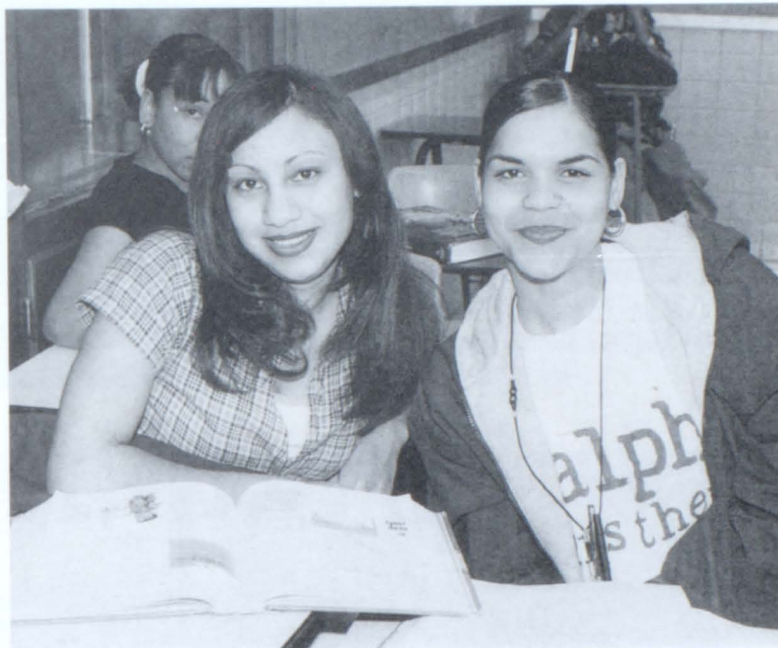

Badeeah Anthony focuses on her work.

Brenda Cruz and Natasha Lugo smile during a break in math class.

Student Life at Barringer High School consists of school events, fundraisers, and relationships. Love and tragedy play major roles in a student's life. These ideals are relieved by fun and excitement stimulated by trips and school spirit. Each experience becomes a treasured memory.

Rafaelina and Amneris share a history book.

Graduation 2000

Alexandro Lugo beams as he leaves the basilica.

Even the mouse wants to congratulate the class of "2000"

On June 26, 2000, in the Sacred Heart Basilica, Barringer's seniors finally graduated. Their proud families gazed upon them, as each graduate reached the stage. The diploma received immortalizes their fastidious struggle from adolescence to adulthood, opening new doors to a world booming with opportunities for employment. The ceremony commemorates our youth's achievement to prepare them for a bright future.

"POSES FOR THE MILLENIUM"

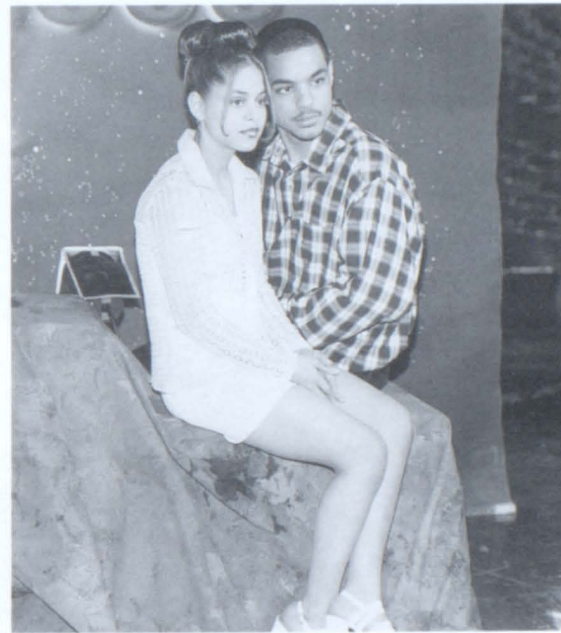

Natalie Rodriguez takes her two thousandth picture.

Finally, it was the class of "2000's" turn to take their senior portraits. On this special day every junior wore their best outfits, suits, dresses, and shoes. We all know that when it comes to taking pictures everyone wants to look their best. They know that this is the picture that everyone would remember for the rest of their lives. Some expected the camera, or make-up, to do miracles for them and others kept it real.

The photographer poses Juana Valentin.

Alexandro Lugo and his sister Jacqueline make a handsome pair.

Patience Slueue thinks of the prom as she poses for the senior section of the Athenaeum.

"Sit up straight", says the photographer to Nazirah Lewis.

The time: 7:30 PM

The guests: Barringer's Senior Class, friends, faculty, and administration.

The day is finally here. This one magical night we call Barringer High School Senior Prom of the Class 2000. The ladies dressed in beautiful gowns, and the young gentlemen looking elegant in their tuxedos. Everyone is looking splendid as we arrive at the Newark Club in our sleek limousines. The music is jamming, the dance floor is crowded, and people are laughing. This day each and every person at the prom are not students or faculty, they are friends.

Behind the door of the Newark Club awaits the greatest event of our four years in high school. This episode separates our adolescence from our adulthood. It represents our triumphs over the pressures, obstacles, and hardships that we have faced in our teenage years. Then again, it also captures the innocence and enjoyment experienced in our childhood. All this becomes intertwined in one special dance that will last us a lifetime: The Senior Prom.

Through all the dedication and hassle of getting prepared for such a spectacle, we never forget the significance of the prom. As their educators and administrators watch in awe and pride at the Class of 2000, the spotlight shines brightly on the couples dancing on the ballroom floor. Dancing away to a night of treasured and everlasting memories.

Aminah, Nadja, Cynthia, Cindy and Elaine dressed smartly for the Junior Prom and for the boys too.

The class of "2000" do it right and dance Raggaie.

The day of the Junior Prom will always be remembered. On this majestic night, Barringer Juniors danced into paradise. The juniors recalled the times when they were youngsters dreaming of this high school night and now it was a reality. The juniors are living their dream this night and celebrating their good times at Barringer High School. A memory frozen in time ... forever.

Nadira Muneshar prepares to push her hand into wet paint.

As Ms. Lopez applies the paint to Patience Sleue's hand, Yvonne Moore waits her turn.

The countless memories and successes of this school were recorded only on paper, until now. A mural was created on Feb. 29, 2000 on the cafeteria wall displaying the handprints of our precious seniors. This was made possible by the genius of this year's senior committee along with the talents of the designers, namely Javier Garcia, Yastterk Santiago, and Michael De La Cruz. The class of 2000 shall leave their imprint in Barringer's history forever.

Alexandra Reyes and Nereida Toledo discuss the directory.

For the past 30 years Mr. Di Gerlando advised the Athenaeum Yearbook, along with the help of our Technical Assistant Johann Sanchez who has been helping him since 1989. This year's yearbook staff members had to work very hard on designing layouts, artwork and choosing pictures. The Editor-in-Chief using the theme "Breaking through the Millennium" was Alexandro Lugo. We the Athenaeum staff worked together to create the rest of this memorable book that graduates will treasure for a lifetime. As part of the staff, dedicated students spend many hours of their time to come after school everyday to meet their deadlines.

Acropolis News

The Acropolis News began its literary foundation early during the latter part of the 1890's where it became independent from the joint relationship it had with the early yearbook and annual high school publications of the 1800's. Our staff is composed of individuals who have taken the duty of writing, illustrating, editing, and creating layouts, typing, and collaborating together in five impacting issues that bring students of Barringer an outlook on issues of interest. Our goal is to inform the public with quality writing and at the same time educate our readers about events that take place in our surroundings.

Chorus

Music plays a major role in each and every one of our lives. The sweet and tender voices of the chorus enrich Barringer with ability and talent. These remarkable individuals display their musical ability in our winter and spring concerts. The chorus members take part and compete in choir festivals at community colleges, representing Barringer talent.

Student Council

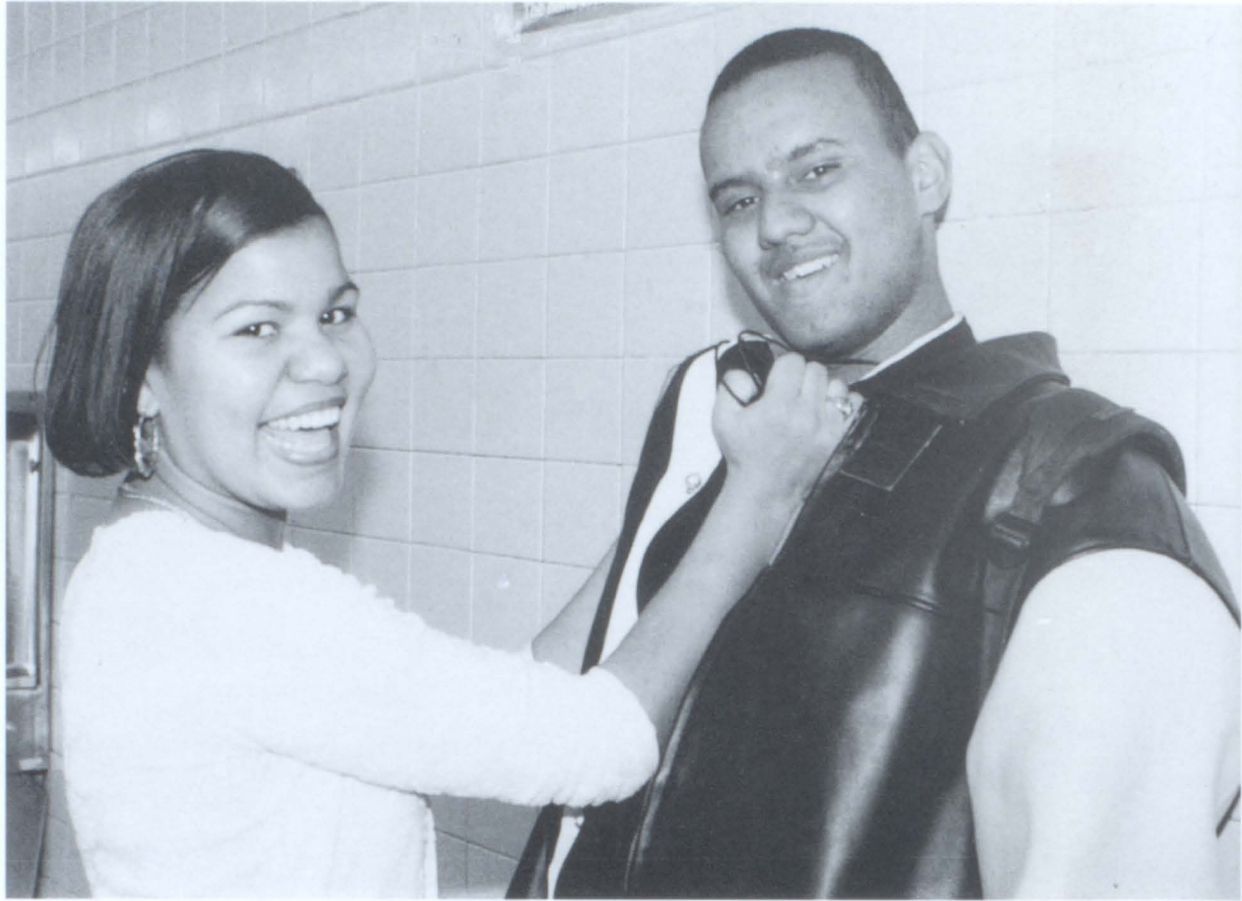

Smith-Gregory — Advisor, Rema Hazuri, Raymond Smith, Iris Lozano, Yvonne McDaniels, Sonya Rolle, Alex Rosa, Amir Grier, Alisha Mayers, Kathyanna Hernandez, D. Ramon Hamlett, Seated from left to right: Felicia Davis

The BHS Student Council is a school wide organization, which promotes school pride and spirit. The Student Council is open to any student who is committed in working to give the school a more positive role in the life of the students and faculty. It also provides a voice for student concerns and sponsors the annual Soul Food Luncheon. The Student Council consists of a president and vice president for each grade as well as a secretary, and treasurer. Students committed to changing Barringer High School run this council.

Future Teachers of America

Teachers are of a distinguished breed. These are the individuals who shape young minds with their instruction and mentoring. This club prepares students to experience the success and stresses of teaching, who will assume the role of new and prominent professional instructors.

Ramon Hamlett, Amir Grier, Alisha Mayers, Yvonne McDaniels, Rema Hazuri, Kathyanna Hernandez, D. Smith-Gregory — Advisor Seated from left to right: Felicia Davis, Raymond Smith, Iris Lozano

Do Something is a National Organization designed to help students learn to become leaders and make their communities a better place to live. Newark's Do Something is a city wide league of Newark schools that plan dreams, and act on making Newark a better community. Students get an opportunity to experience the power of their actions and ideas as leaders. BHS has participated in the Newark Do Something Acts of Kindness and Justice Challenge. This citywide event challenges students to commit as many acts of kindness and justice as possible within the two weeks period following Dr. Martin Luther King's birthday.

Art, Mural & Calligraphy Clubs

Art Club

The Art club invites students to express themselves through the visual arts by working on specific projects. Members bring their own personal touch of art and life that constructs the club.

The Mural Club

Founded in 1997, the Mural Club began its quest to beautify the school by bringing to life the plain and unrevealing walls that were harshly attacked by negative writing and destruction. The members have the intention of making the school more visually appealing to the eye and hope that the student body learns to respect and appreciate the school.

Calligraphy Club

Writing is not only about content, but presentation. Letters and art are blended perfectly to create an elegant writing style called calligraphy. Barringer's Calligraphy Club teaches students the principles of this style and letter design. Students leave with an uncanny skill to produce beauty on paper.

Brotherhood Club

Master Brown, Mr. Phillip Hamilton, Salvador Torres, Khalil Stafford, Luis Martinez.

The Brotherhood was formed to reduce the number of male students who drop out of school before acquiring a high school diploma. The object of the Brotherhood is the development of young men and the dignity of all men. They seek to provide an in-school and community support system for young men, who will brighten their aspiration, assist them in recognizing the academic and human potential, and make them aware of the importance of successfully completing high school.

Photography Club

To capture the essence and spirit of our exalted high school, we need photographers. The photography club presents us with a group of prestigious individuals that demonstrate their skills by capturing the importance of the events and activities that unfold during the past year. Without these willing individuals the production of the Athenaeum Yearbook could not have been accomplished.

Math Club

Juan Cabrera, Dr. James Steadman, Aminah Sillah, Jose Castañon, Elaine Alvarado and Karen Yamadjako

Do you enjoy mathematical challenges? The math club provides stimulating activities for the serious math student. Some of the activities the club engages in are reviewing for the S.A.T., solving logical problems, peer-tutoring, computer literacy, and playing the Equations Game. Other group functions are participating in Math Contests and the Essex County Math League. Advisor: Dr. James Steadman

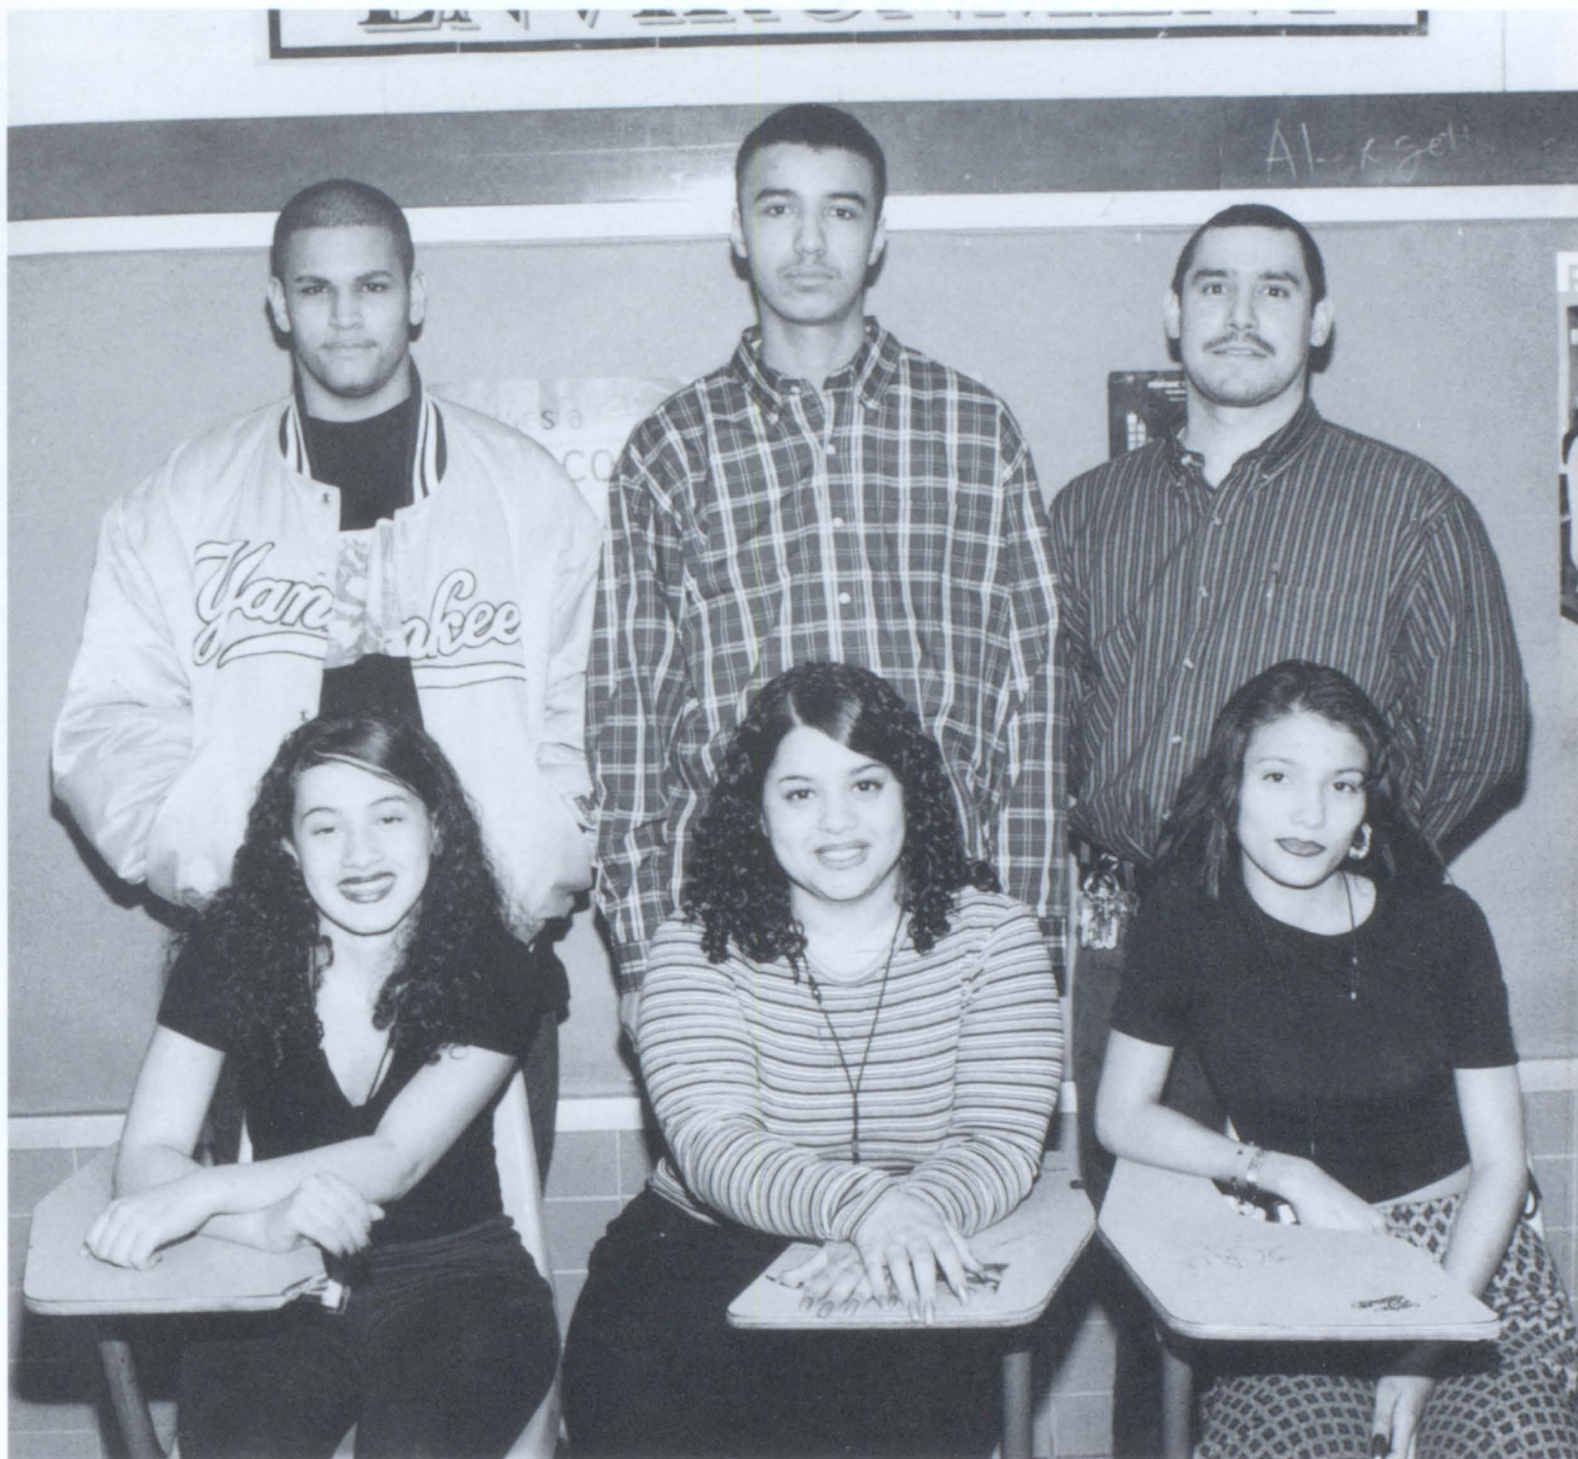

Junior Class Committee

Ms. Jordan, Monica Figueroa, Kathy Marques, Madeline Fuentes

The Junior Class Committee gives the junior class a voice to the class of 2001. They make plans to raise money for the class trip and other events that prepare the class of 2001 for graduation.

Sophomore Class Committee

Mr. Wilson Martinez, Advisor; Javier Osario, Interim President; Hector Yepes, Widnelly Rivera, Jeannie Diaz and Dalilah Diaz

This committee is made up of a group of determined sophomores, willing to give their class a voice. These students present the sophomore class in the Barringer student government system. They make decisions that benefit the future class of 2002.

Literary Magazine

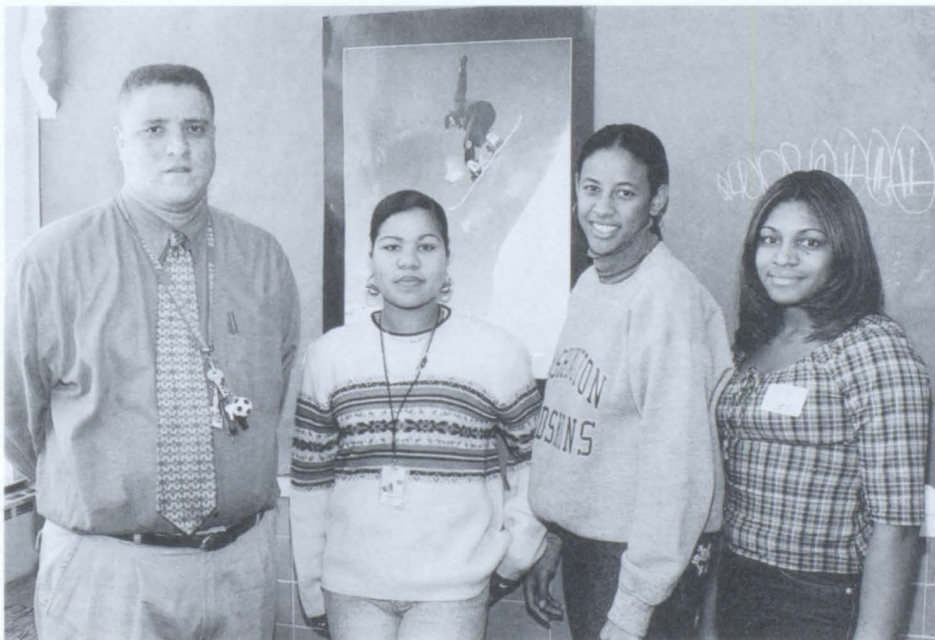

Yvonne Davis, Iria Lozano, Rema Hazuri, Felicia Davis, Jason Ramos, advisor Mr. Paul Miller, and Juan Moscoso

Poetry is the language of our human souls. With a mere stroke of genius it illustrates our feelings and emotions toward the world. The literary magazine is a publication comprised of student's poetry. This publication allows students to open up their hearts and write the content on paper. The fellow writers at Barringer High School publish the Literary Magazine twice a year.

Hispanics are a growing minority in this nation. This club unites the hispanics of Barringer and instills in them the strength, pride and wisdom needed in this world to succeed. This club makes all Barringer communities aware of the Spanish culture by doing culture-related activities. They are taught that together, they can make a difference. One of the highlights and achievements of this group the International Food Festival that celebrates the Dominican Independence Day. To further the participants' studies of the Spanish Arts they are planning a trip to El Repertorio Espanol, a Spanish theatre. The advisor of this group is Mr. Jean Perez.

Cheerleaders

The cheerleaders are the source of entertainment for Barringer High's football and baseball games, as well as also for pep rallies, concerts and parades. Cheerleaders perform their dramatic dance movements to promote school spirit in the players and viewers. The 1999-2000 cheerleader coaches are Sharon McColough and Yvonne Peterson. Fallon Mcgee, the captain of the cheerleader squad, has confidently guided the team toward victory.

Ripe fruit is a sweet crop born from Mother Nature's earth. It is nature's gift to man and his/her offspring. Everybody loves to eat fruit, so to raise funds, the Class of 2000 took advantage of the preference for this food. On November 26, 1999, to raise funds for the Senior Class, volunteer students distributed fruit to all those who purchased oranges, grapefruit, etc. Many seniors worked tirelessly delivering the delicious fruit to those who participated in this program. The Class of 2000 is grateful to all those who helped.

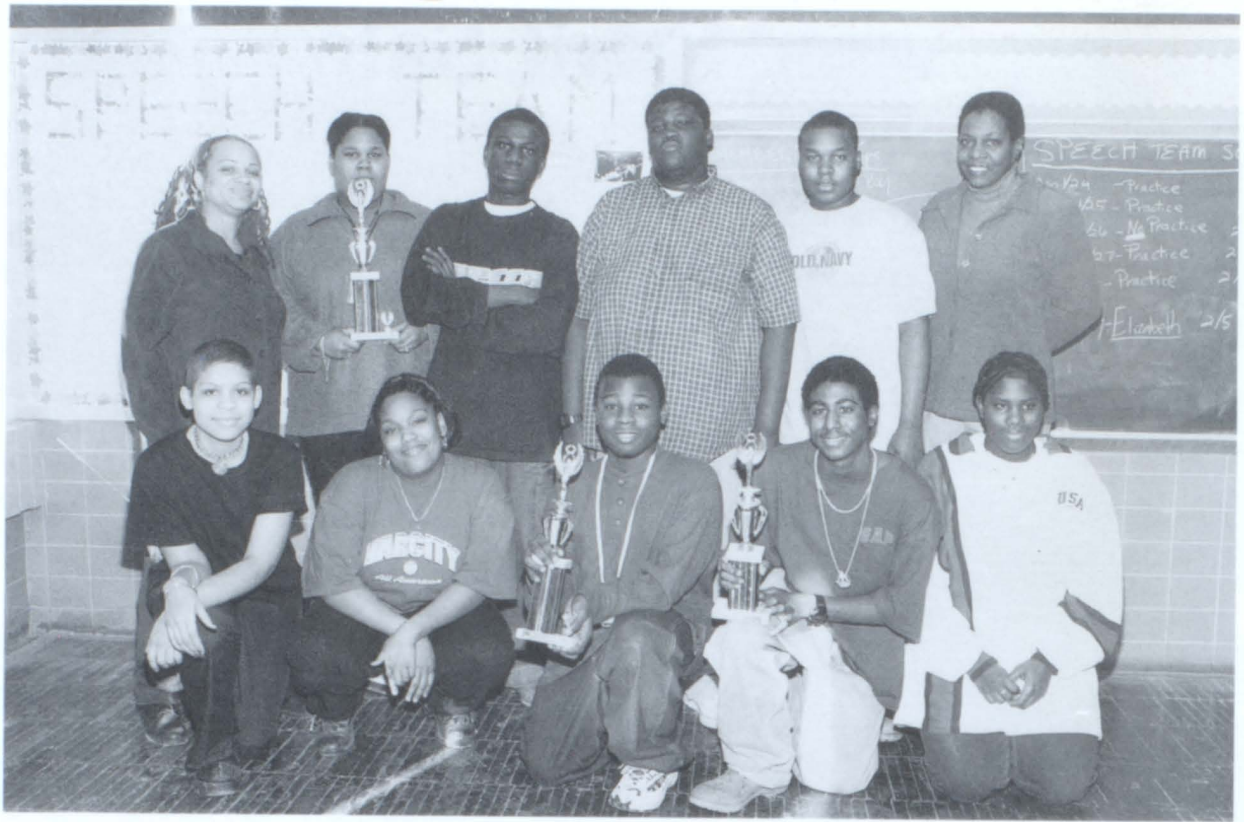

Jontue, Yasterek, Natasha, and Brenda remove the fruit from boxes.

Franklin, Joel, Jontue, and Alexandro prepare the oranges for distribution.

Speech Team

The Debate and Speech teams consist of dedicated students interested in theater and public speaking. Drama provides students with theatrical training, performing experience and trips to Broadway shows. Speech provides training for interscholastic competition in areas of public speaking. Each year the team participates in 15 tournaments in which numerous students have received trophies.

Antoinette Baskerville, Carmella Martinez, Gehmein Gbor, Jolson Underwood, Brett Mc Swain, Deborah Smith-Gregory, Rema Hazuri, Cheryl Robinson, Amir Grier, Willie Thomas, and Lakiesha Lang.

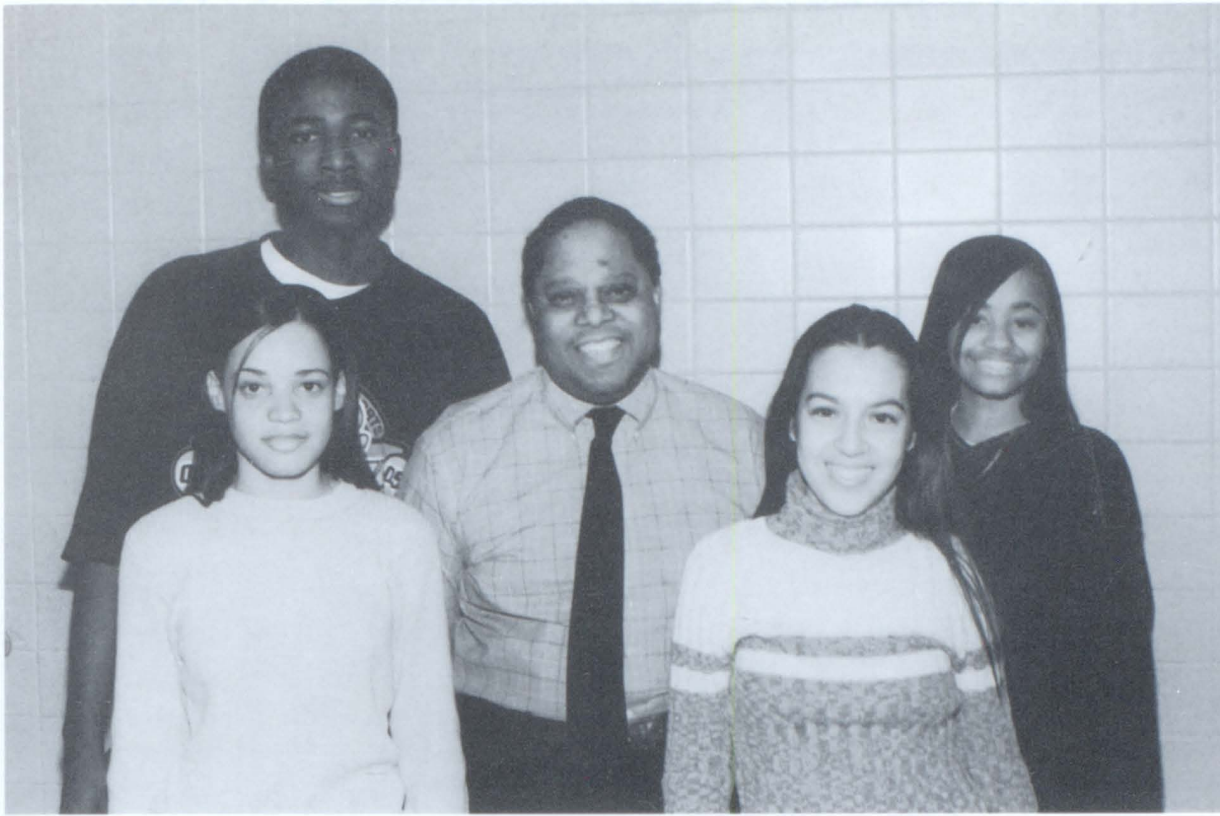

Academic Decathlon

The Academic Decathlon is a series of interscholastic competitions in numerous fields of knowledge. The participants are well equipped to compete in these areas, which include mathematics, science, economics, literature, and fine arts. Members are chosen by essays that they have submitted to a panel of judges. Ms. Liza Leal is the sponsor of the Academic Decathlon this year.

Ms. Liza Leal, Veronica Laporte, Ash Turner-Warren, Gary Merritt, Nikunj Saluja, Adriana Chevez and Leesandra Hernandez

Care Council

Henry Williams, Sabrina Galletto, Mr. Glenn A. Braswell, Nancy Giron, Efi McMillan.

In its second year, the Barringer Care Council has managed to host a Blood Drive in both Barringer and Technology High School. This is a parent-student organization, whose main goal is to make students and parents aware of financial and college opportunities. Its members engage in community service activities such as tutoring and blood drives. The Council's future plan is to expand throughout the Newark School District. It is advised by Mr. Glen Braswell.

Future Business Leaders

David Estavido, Ceola Bell, Karen Yamadjako, Juan Carlos Cabrera, Chanel Yarbaro, William McGuinn

The world of business and commerce is expanding and growing every year. The Future Business Leaders of America Club gives students the opportunity to explore the business world and their area of interest by taking trips to various industries and companies. This club enables members to get into the business environment.

PRINCIPAL

William Arthur Ward once said that;

Each of us will one day be judged by
our standard of life ...
not by our standard of living;
by our measure of giving ...
not by our measure of wealth;
by our simple goodness ...
not by our seeming greatness.

To the graduating class of 2000,
I challenge you to make the world a better place. Be dedicated to the process of learning. Respond to success with humility. Be resilient when you fail. Be honest, caring and open when dealing with others. Cherish their uniqueness as well as your own. Develop a personal conviction in the ability of an individual to create positive change. Remember the past but live with the knowledge that you have the capability to shape the future.

Best wishes always

VICE-PRINCIPALS

CHAIRPEOPLE

Barringer's chairpersons help elevate the quality of instruction of teachers to students, thereby helping to ensure that our students qualify for college or the work field. Chairpeople are responsible for ordering supplies for their departments and evaluating the teachers based on classroom observations. They also assist in the resolution of discipline problems referred by teachers, participate in activities that promote professional growth and perform duties assigned by the principal and vice principal.

ENGLISH

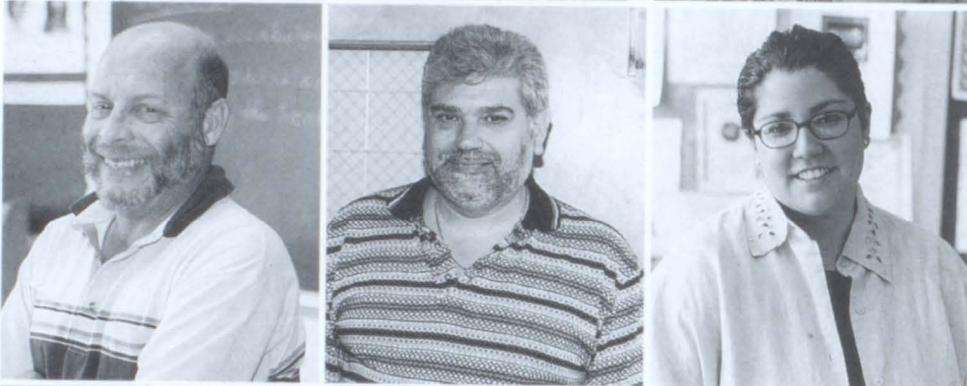

Proficiency in the effective use of written and spoken language and the meaningful interpretation of literature are the basic objectives of the English department. Therefore, in the regular course of study the mandatory offerings emphasize the functional use of language and communication skills, writing, and various forms of literature.

Mathematics

The countless enigmas that lie in the profound region of the human brain, can be solved with simple numeric theories. Mathematics creates new worlds beyond the reality that we face. The Mathematics Department supplies us with the process and instruction, leaving the mind to expand upon these simple basic concepts. Courses for the exceptional individual are offered in the math curriculum.

SCIENCE

In this new millennium, miracles that save millions of lives are to be withdrawn from a thinking machine. In order to accomplish such a feat, one must study the human body and its whole world — from its majestic galaxies to its minuscule organisms. Barringer's Science department offers advanced courses in 3 major fields: Biology, Chemistry and Physics, along with the standard courses. The teachers in this department are preparing our future leaders to control the reigns of science.

SPECIAL EDUCATION

Barringer's Special Education department is built on the concept of understanding unusual differences among the school-age population and meeting individual needs. However, children and youth in need of special education are not limited to specific categories. This subject includes all those who require unusual curricular or instructional adjustment throughout their school career, or some significant portion of it.

SOCIAL STUDIES

"Who controls the past controls the future," said George Orwell in the infamous book 1984. History created the future that we live in now. Through the study of Social Studies, one is granted the wisdom to learn of the owners of this future — the human race. The study of eras gone by helps students to recognize our mistakes, and perfect a tainted past to create a hopeful future.

BUSINESS

The fast paced world of business eludes the undisciplined individual. The Business department prepares students for the monetary world with its frequent ups and downs. The teachers in this department educate students on the different careers available after graduation, and prepare them to reach their career goals. Courses like Business Law or Computer Applications allow students to discover new fields of employment or learn marketable skills. Those who pursue this field will contribute to our booming economy shall continue.

TECHNOLOGY

Civilization monuments arose from the hands of mighty builders searching for immortality. Inventors use both hands and minds to design and repair valuable machines to better humanity. This school is in the process of acquiring the finest equipment to teach students the process of repairing one of those devices. Students will advance their knowledge in the fields of technology and architecture.

HOME ECONOMICS

Human beings have two main tastes: clothing and food. Barringer's Home Economics department offers courses to adequately fulfill our students' tastes in these two areas. Study of Home Economics allows students to use their creativity to create masterpieces of food or beautiful garments. The future of flavor and mystique lie in the participating students' visions.

ART

Only the windows of our souls view this most magnificent, controversial and entertaining subject. Our deepest emotions can be portrayed and released onto the canvas. Not one mortal can state they alone know the meaning of beauty, for it is, as age, a state of mind. Teachers in the Barringer Art department allow students to not only learn the meaning of art, but also satisfy their thirst for inner peace and beauty.

MUSIC

Sound eloquently converted to music can allow the blind to see the heavens. When transformed into heavier notes, rebellion or joy can be transmitted to a crowd. The Music department concert, marching and jazz bands introduce students to teamwork and coordination. The chorus, unlike the band, use their sweet voices to soothe our being. Their final product is to transform ordinary individuals into musically knowledgeable people, and talented musicians and singers.

PHYSICAL EDUCATION

With the increase in health disorders such as obesity and strokes, young Americans must be properly educated in Health and Physical Education. All four components of health, intellectual, physical, mental and social, are addressed in BHS health courses. The Physical Education department offers courses and activities that motivate students to pursue a higher degree of fitness. These two courses help students learn about their inner selves, and how to treat their bodies with respect.

ESL

English as a Second Language teachers aid students in their listening, speaking and writing skills. Students in this field become more familiar with the English language so that they can become productive members of our society.

Foreign Languages

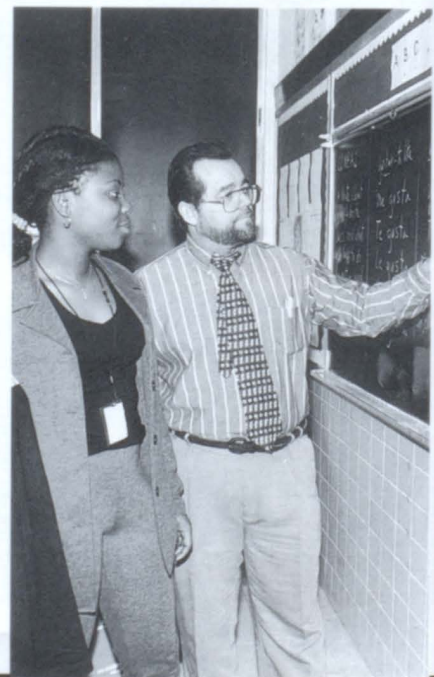

Across the Atlantic lies lands that surpass our imaginations. Frozen in time and untouched by industrialism, can these civilizations be discovered by us — the explorers. Communication with the inhabitants of other countries is very difficult if one does not speak the native tongue. Barringer's Foreign Language department offers three language courses: Spanish, French and Italian thereby opening worlds of adventures and opportunities to our students.

The media center provides a comfortable environment for students to study and socialize. With the help of our excellent librarians, along with the various resources that this library possesses, students can attain the knowledge that they yearn so deeply for. Our reserve of information includes the wide selection of books, pamphlets, records, and magazines. Along with this, the students have access to computers, which are connected to the World Wide Web.

Directory

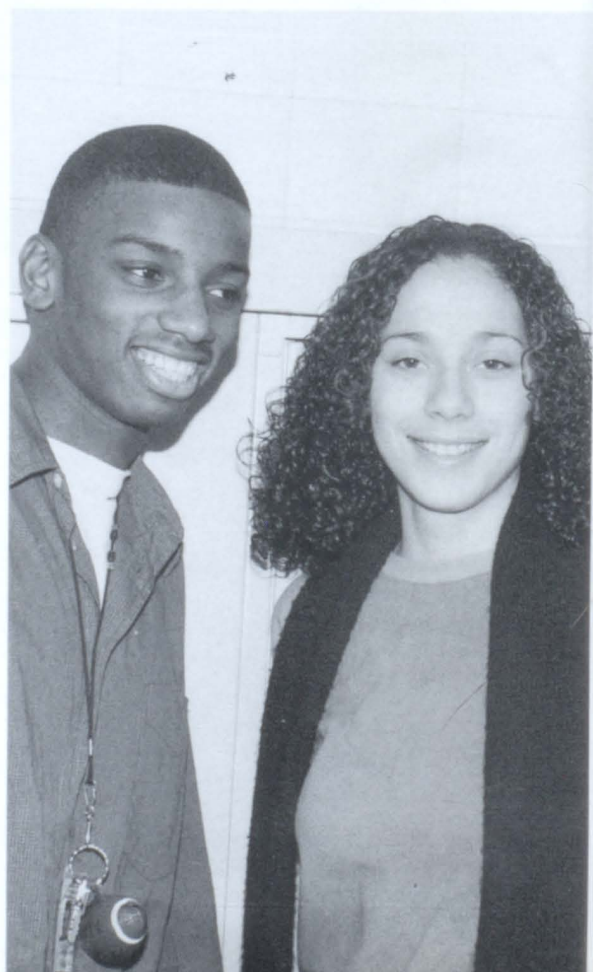

Maria pauses before heading to the bathroom.

Cindy & Lorena are reviewing the lesson that was taught in history class.

Cavan & Ema got their smile ready

Esther Perez is on her way to class

Barringer High School's Directory will display a trove of treasured memories. It will help those who have attained a true friendship to keep in touch. By recording their names and addresses, the class of 2000 will someday have an easier job to present the reunion.

Precious & Shaunta are waiting anxiously for the bell to ring.

Nadira, Dania, Jontue and Patience get together for a young ladies conference.

PLEASE PATRONIZE OUR ADVERTISERS

CLARENCE MOORE

Good-bye Mr. Moore

Teachers are very important to a student life. Often, they become more than a classroom instructor. They become a friend, a counselor, and sometimes, a replaced parent. One of those dedicated teachers was the late Clarence Moore.

Clarence "Clay" Moore was born in Newark, NJ. He graduated from Central High School here in Newark. He then attended Seton Hall University, but interrupted his studies to join the Air Force, from where he was honorably discharge. Mr. Moore then joined the work force at Allied Chemical and enrolled in Rutgers University. In 1961, he graduated with a Bachelor of Science degree in Chemistry.

Never forgetting his roots, in 1980, Mr. Moore decided to join the Newark Board of Education, and became a teacher, working in the mathematics and science departments. Eventually, we were lucky to get him as a science teacher here at Barringer.

It's incredible to think that just a few weeks ago the talented sweet Mr. Moore was in his classroom teaching many of us about Calvin and how the temperature system works. And now we are mourning his death.

In our hearts and minds we realize that Mr. Moore was devoted to his profession and us. All those students, who had him for a science teacher, appreciate that he was a dedicated instructor. Although he was very ill, he still came to school, day in and day out, up until his final days on this earth, to teach us, and try to make our future brighter.

Clarence Moore should be a role model to all Barringer students, because he always preached that if there is just one thing that we know how to do, let us do it to perfection. He is a hero to all of us. Because of him we have learned, not just about science, but about life as well. His passing teaches us that we should appreciate the people close to us, because we never know when they are going to leave us. And we should never live our lives regretting what we could've said or done.

Good-bye Mr. Moore. You will live in our hearts forever.

Mr. and Miss. Senior

Andre Lemonious

Hi everyone, for those who don't know me, my name is Andre Lemonious. I was born on 5/14/82, and I'm a Taurus. I play soccer and I was lucky enough to be voted Mr. Senior. I would like to thank everyone who voted for me.

Let me tell you a little about myself. I was born and raised in the Island of Jamaica. It's a great place to grow up and live. I feel I have known the best of two worlds. For example, I like Rap and Ragga.

In my spare time I like to play ball and listen to music. Plus I also play soccer for Barringer High School. Congratulations to everyone in the class of 2G, as well as the teachers and administrators.

Starlett Ragin

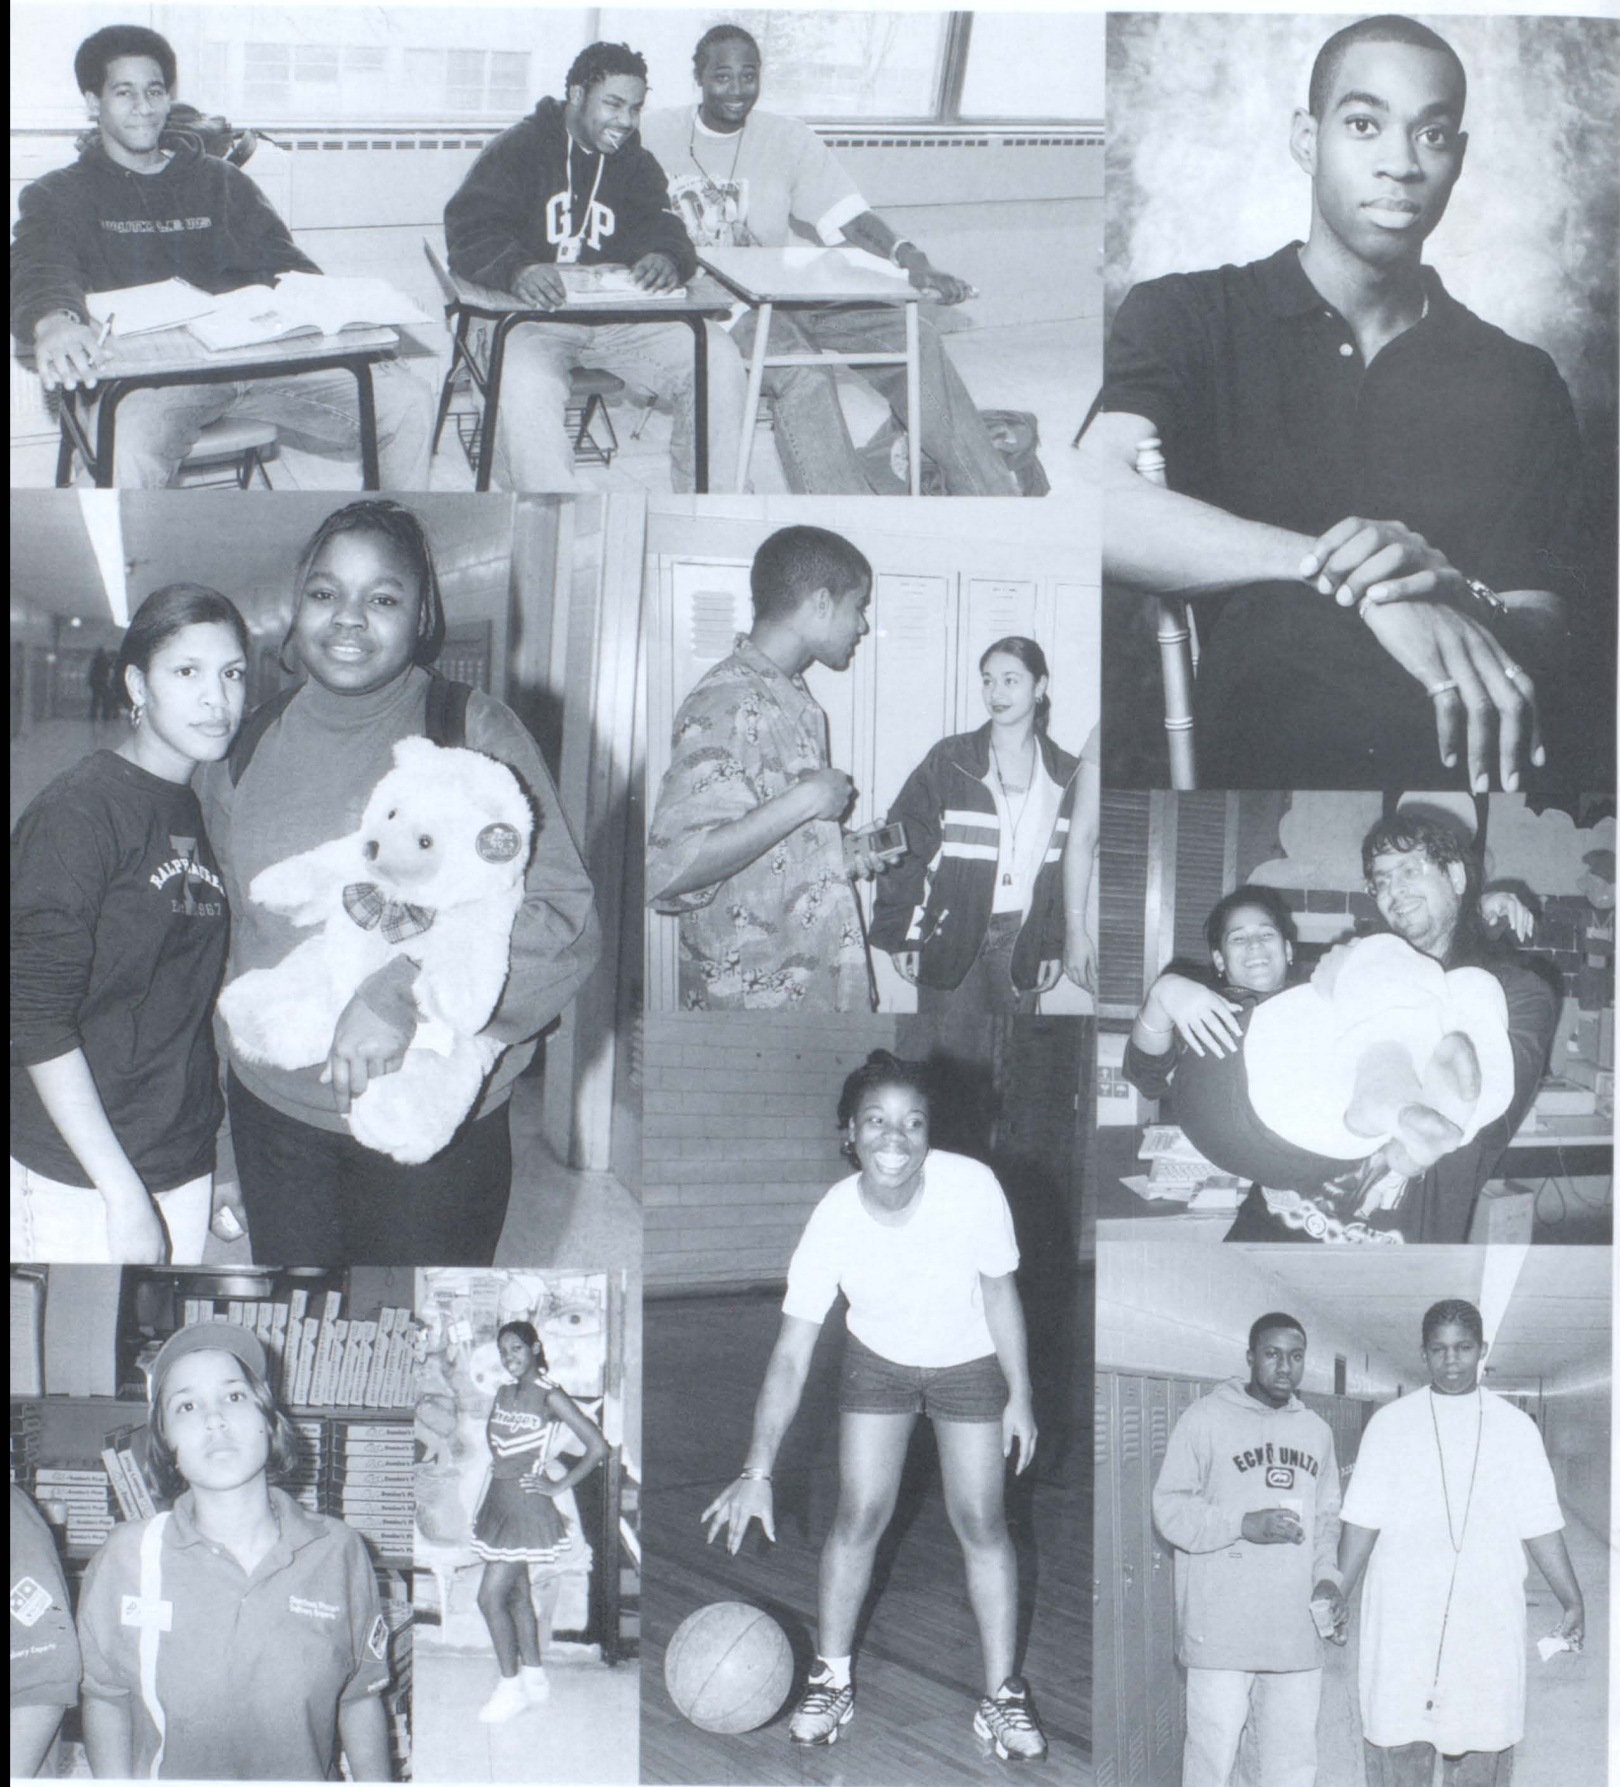

Hi, my name is Starlett Ragin but everyone calls me Starr. I'm a native Newarker. I was born July 1, 1982, and I'm a cancer that loves to chill and have fun. I am a very adventurous person to be around.

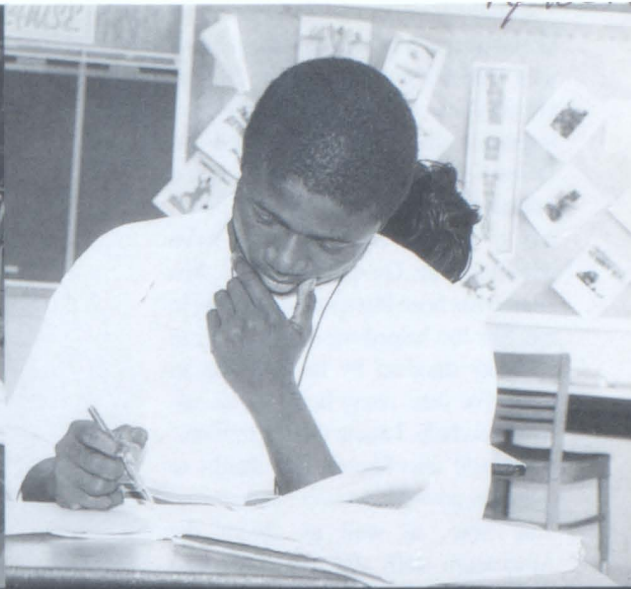

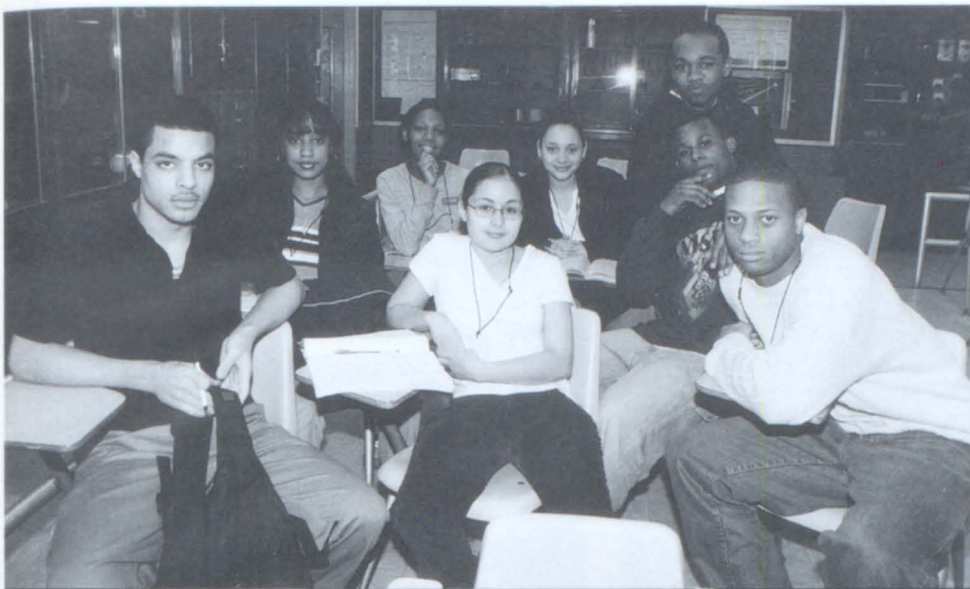

I'm Ms. Senior Class because I put my strong will into my work. I'm in the Future Teachers Club at Barringer. I believe that being Ms. Senior is about being responsible, independent, hard-working and having fun.

I'd like to give myself a shout out for all the things that I work for, and to the class of the new Millennium.

The Millennium ... A time to reflect on the past, and dream about the future.

With the help of our friends, family and teachers we have broken through the Millennium. They have given us the support we needed to make this year so important. We should be proud of what we have accomplished up to this point and try our best to become even better in the future.

There is yet more to come in our lives. As the years go by we will be looked upon as role models by our youth. We will become the fathers, mothers and leaders, of the future. With all of this in mind we must always remember one thing that the steps we take today will lead us to where we will be tomorrow. High school graduates, you have undoubtedly taken some huge steps in the past few years and we hope that throughout your life, you will continue.

I would like to thank Mr. Salvatore Di Gerlando and Ms. Denise Alamo for all their help and encouragement. They've provided me with all the support and inspiration that I needed to succeed. Mr. Di has been my advisor for 4 years, and I thank him for giving me this opportunity to express my work in a more advanced way. On the other hand, Ms. Alamo has been like a second mother to me. She has helped me set my goals to a higher standard by keeping me on track. For their many hours of discussions and help, I thank them a million.

I would also like to give thanks to technical advisors Johann Sanchez and Jose Soto, as well as all of the Athenaeum staff, and the others who helped to make this book a success. Thanks again for helping to put this yearbook together.

To the Class of 2000, I wish you guys the best. It doesn't matter what choices you make in life just keep your pride and be happy, but remember that the right choices are the best choices. I hope everyone enjoyed this yearbook.

As class president, first and foremost I would like to say thank you to our class advisors Mrs. Robyn Lopez and Mrs. Stacey Copolla for all of their hard work and dedication. By their leadership and admiration to the Class of 2000, we have had many achievements.

I would also like to say thank you to my Senior Class Committee and to everyone who was involved with making our senior events possible. Along with your help and dedication, the senior class has seen many highlights in the past year.

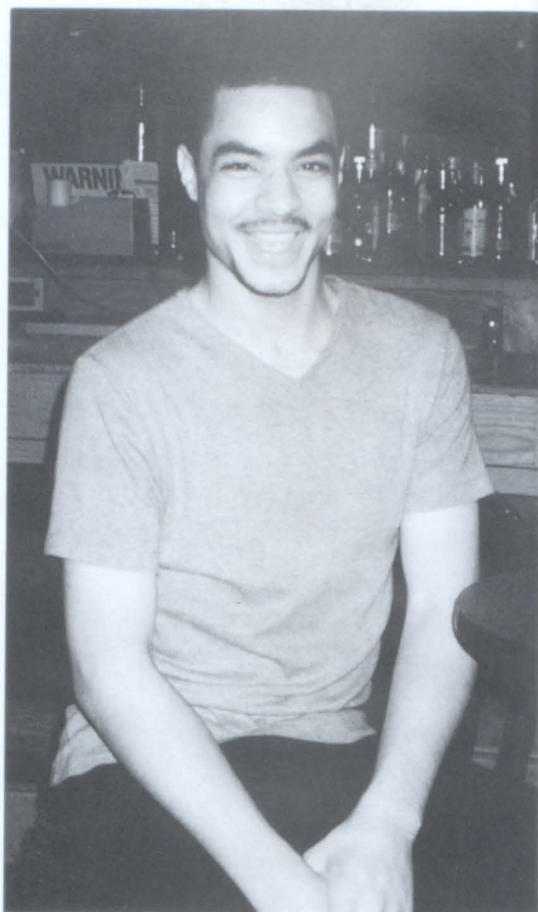

Last, but not least, to my fellow seniors: We have worked very hard to get where we are. The roads that we have crossed and the mountains that we have had to climb have been very difficult to cover. Now, graduation has finally come upon us, and we will close the final chapters before we embark on our new journey.

Seniors, good luck in whatever it may be that you plan to do. Always remember Barringer High School is your home.

Pigeons walk, Birds fly, Eagles soar. All of our Barringer High Blue Bears are eagles because we choose to soar. Once again, thank you.
